NEWSLETTER NO. 3

PAUL RD—FISHER RD CORRIDOR IMPROVEMENTS

JUNE 2013

This informational newsletter will provide periodic updates on the status of Paul Rd Resurfacing/Jetview Drive Extension and communicate upcoming activities to local residents effected by the project.

CURRENT PROJECT STATUS

In March 2013, Monroe County awarded a contract to Keeler Construction Co. Inc. to construct the Paul Rd—Fisher Rd Corridor Improvements. Our contractor was authorized to begin work in late May 2013. Construction is expected to be complete by November 2013.

Drainage installation has begun at the Paul Rd/Jetview Drive intersection and along Jetview Drive between Paul Rd and the cul-de-sac. Construction of the relocated Wegman's employee access drive and parking lot is complete up to binder course.

Pavement rehabilitation work is expected to begin on Paul Rd (from Chili Ave to Beahan Rd) the week of June 24. Construction of the Jetview Drive extension from the existing cul-de-sac to Chili Ave and reconstruction of existing Jetview Drive between Airline Drive and the cul-de-sac will begin in a few weeks. Traffic on Paul Rd and existing Jetview Drive will be maintained on site using lane shifts and flaggers. Access to all driveways will be maintained throughout the work effort. For the safety of our workers and public, please be courteous and patient during the construction of these important improvements.

Bi-weekly project updates are available online at <http://www.monroecounty.gov/dot-construction> and click on "MCDOT Ongoing Construction Listing"

PROJECT CONTACTS

Full time inspection staff is on site daily working with the contractor. If you have an emergency, questions or concerns regarding the work in process or other circumstance, please contact our Resident Engineer.
